ABOUT OWNER

We Fastrack Conveyors Pvt Ltd are the manufacturer of all types of conveyors & Material Handling Equipments.

At first we would like to introduce about the Directors.

The Directors of the company was working in the Induction Heating equipment manufacturing company. He has experience of 12 years in forging industry. He has designed a lot of Induction Heater's Mechanical accessories such as Billet Feed in Drive , Fast Extractors, Billet Pusher , Pneumatic Billet Pusher , Hydraulic Billet Pushers , Automatic Billet Feeders, DM Water Circulation Systems and Accept Reject Systems that are provided with Induction Heaters.

SPECIALITY IN FORGING INDUSTRY

AS WELL AS DESIGNED FORGING CONVEYORS, CONTROLLED COOLING CONVEYORS, OILING CONVEYORS, QUENCHING CONVEYORS, CHAIN CONVEYOR NORMALIZING CONVEYORS, ANNEALING CONVEYORS, STEEL BAR LOADERS, STEEL BAR LOADING SYSTEMS FOR FORGING MANUFACTURERS & STEEL MANUFACTURERS.

ABOUT US

We "Fastrack Conveyors" before starting these firm we were working in the "Induction Heating Equipment Manufacturing Companies". Now we have started our own business so that we can fulfill customer's requirement.

We Fastrack Conveyors are manufacturer and supplier of Material Handling Systems, we are versatile manufacturer in the material handling Industry. we have designed the material handling systems for various types of industries such as Forging Industry, Steel Industry, Mining Industry, Automotive industry,

Pharmaceutical Industry, Sugar Industry , Food Industry, Packaging Industry etc..

We are capable to design material handling systems if customers require Special Purpose Material Handling System for their special application.

We are located At Warje Malwadi Road Pune.

The design of the equipment are done in house.

we have maintained well fabrication space as well as machining space. All essential works such as fabrication ,metal processing ,painting and the assembly are done in our workshop.

Testing and inspection are done From outsource having standard and expert in the markets.

EXPERIENCED TEAM

We Fastrack Conveyors has qualified and experienced team. Our team has designed critical and complicated designs for our valuable customers.

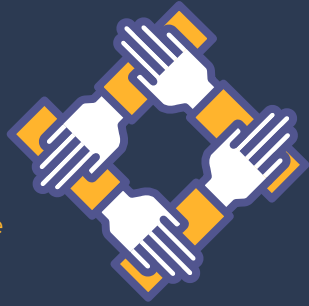

Team has versatile knowledge about the material handling system.

our every engineer has worked in various types of industries.

They have sense about the practical work at the shop floor.

what types of work are done at forging shop floor.

our designed are made by considering all workshop floor aspects.

WE OFFER AS BEST AS POSSIBLE SOLUTION TO THE CUSTOMERS

WHY CHOOSE US

SUSTAINABILITY

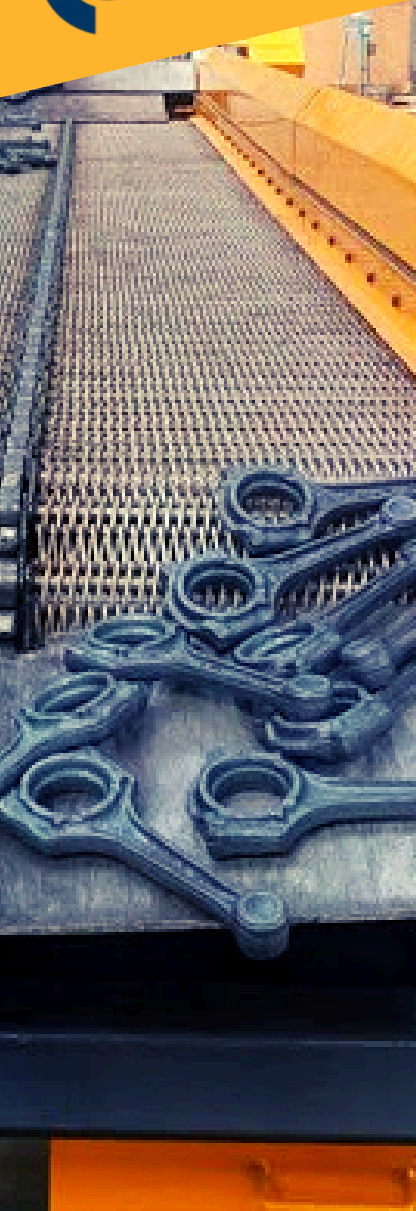

A very interesting and important feature of "Fastrack Conveyors" is that it promotes a very clean environment in the interest of sustainability.

the product offered by us are sustainable in various types of environment.

we have maintained the sustainability in all types of industry so that the conveyor will sustain as per the industrial environment.

Forging Industry Automotive Industry and Steel Industry are very rough tough industry we require the equipment in such industry very sustainable as per its environment . heating component , forged parts , automotive components are carried out from the conveyors. the weight of the components , size of the components and overall structure of that components are different so designer has to consider the environment of these industry so product designed for such industries are very sustainable as per environment.

RELIABILITY

Working with our valuable customers we have well built our product reliability. The product is offered as per the industrial guidelines given by the state or local government.

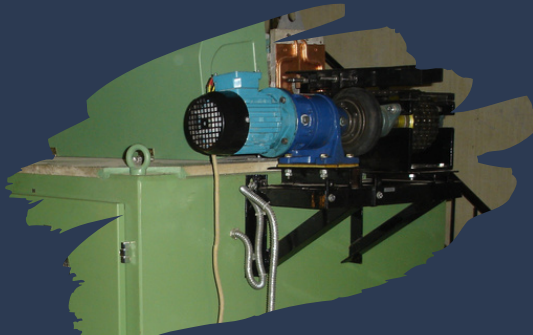

Working In Forging Industry as well as Steel Industry we knew what customer's requirement.

we have never counted the product quality with cost. Result we have built trust in our valuable customers.

QUALITY

We have maintained the product quality. The product is designed by the expert in the relevant Industry so that all aspects of the product to be considered.

while maintaining the product quality we have not only focused on design but also on practical use.

PRODUCTS

FORGING INDUSTRY

- BILLET ACCEPT REJECT SYSTEM
- BILLET TRACTOR FEEDER
- BILLET PUSHER
- FORGED PARTS CONVEYOR
- CONTROLLED COOLING CONVEYOR
- FAST EXTRACTOR CONVEYOR
- CHAIN CONVEYOR
- AUTO BILLET FEEDER
- DM WATER SYSTEM
- OILING CONVEYOR
- AUTO BAR LOADER

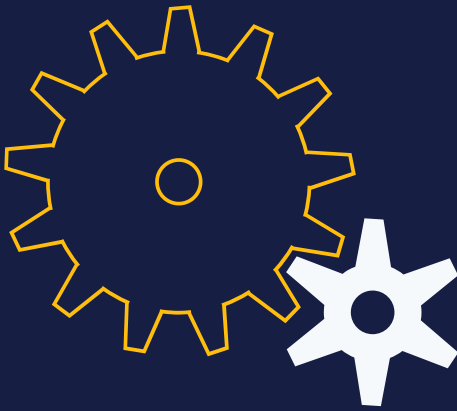

CONVEYORS

- CHAIN CONVEYOR
- BELT CONVEYOR
- WIREMESH BELT CONVEYOR
- HONEYCOMB BELT CONVEYOR
- CONTROLLED COOLING CONVEYOR
- QUENCHING CONVEYOR
- ROLLER CONVEYOR
- TROUGHED BELT CONVEYOR
- SLAT CHAIN CONVEYOR
- SCRAP CONVEYOR
- CHIP CONVEYOR
- SCREW CONVEYOR

SERVICE & SPARES

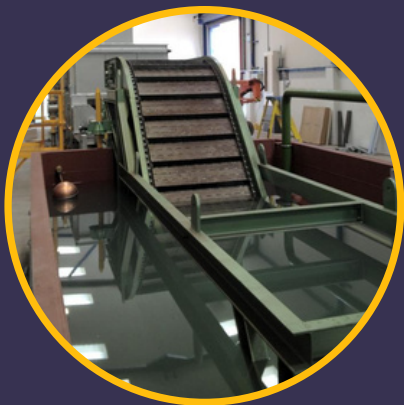

- CHAIN SPROCKETS
- BEARINGS
- MACHINING PARTS
- GEARBOX
- GEARED MOTORS
- INDUCTION HEATING COIL
- CENTIFUGAL PUMP
- CONVEYOR FABRICATED BODY
- HYDRAULIC CYLINDERS
- PNEUMATIC CYLINDER
- LMD SENSOR
- PLC PROGRAMMED CONTROL PANEL
- CENTRIFUGAL BLOWER
- INDUSTRIAL AXIAL FAN
- CONVEYOR ACCESSORIES
- WIREMESH BELT
- STEEL HINGED BELT
- ATTACHMENT ROLLER CHAIN

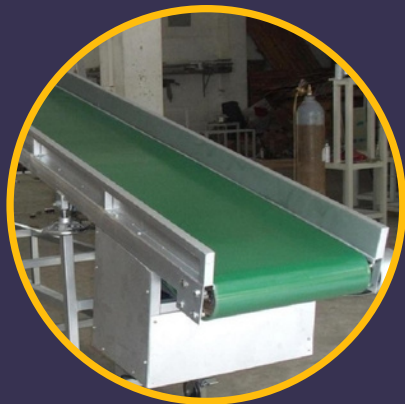

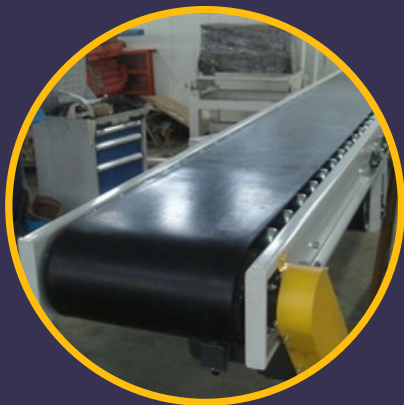

**WE OFFERED ALL TYPES OF
CONVEYORS REPAIRING SERVICES
AT FASTRACK CONVEYORS.**
